Dept. of Computer Science and Engineering, University of Moratuwa, Sri Lanka.

OBJECTIVE

Final-year undergraduate with hands-on internship experience. Experienced in frontend performance optimization, backend services, and database-driven systems, with a strong focus on clean code and real-world problem solving. Actively interested in full-stack development, mobile application development, machine learning, DevOps practices, and cloud engineering. Eager to apply my knowledge to real-world projects in a dynamic team.

EXPERIENCE

- **Senzmate**  Dec 2024 - May 2025
Intern Software Engineer Colombo 04, Sri Lanka
 - Contributed to the development of SenzMate and SenzAgro websites using React and Next.js, focusing on performance, SEO, and responsive UI/UX design.
 - Contributed to the development of SenzMate website admin portal (CMS) using React and Redux, implementing features for content management.
- **Busy**  Oct 2025 - Dec 2025
Junior Software Engineer UK (Remote)
 - Contributed to the development of TravelMatch, a social media web application, using Next.js for frontend, Node.js for backend, and PostgreSQL database with Supabase.
 - Implemented like and comment features, handling frontend interactions, backend API logic, database schema and unit testing.
- **Code Yogi International (pvt) Ltd** Dec 2025 - Present
Associate Software Engineer Sri Lanka (Remote)
 - Contributed to the development RESTful microservices using Java Spring Boot framework.
 - Built responsive authentication interface using Next.js with modern UI/UX patterns.
 - Implemented OAuth 2.0 integration with Google, enabling single sign-on capabilities for streamlined user access.

EDUCATION

- **University of Moratuwa** 2021 - Present
Bsc. Computer Science and Engineering Katubedda, Sri Lanka
 - GPA: 3.325/4.00
- **H/Vijayaba National School** 2016 - 2020
GCE Advanced Level Hungama, Sri Lanka
 - Z-score: 2.4724
 - Island Rank: 186
 - Physics: A, Chemistry: A, Com. Maths: A, General English: A
- **H/Vijayaba National School** 2010 - 2015
GCE Ordinary Level Hungama, Sri Lanka
 - 7A, 2B

PROJECTS

- **Geometric Deep Learning for Molecular Dynamics (FYP)** Jul 2025 - Present
Tools: PyTorch Geometric | SE(3)-Transformer | MDAnalysis | OpenMM | RDKit
 - Developing physics-informed GNN framework using SE(3)-equivariant architectures with MD temporal encoding to predict protein-ligand binding energetics and conformational stability, accelerating drug discovery.
 - Integrate quantum-aware task heads with electronic structure descriptors to model charge transfer, polarization, and orbital effects in molecular interactions.
 - Implement multi-task learning to simultaneously estimate interaction energy and RMSD-based stability.
- **NexLib** Jul 2024 - Oct 2024
Tools: React | NodeJS | ExpressJS | MySQL | TailwindCSS 
 - A Library Management System which enables users to manage books, track borrow or return records, handle user registrations, and maintain real-time availability status.
 - Contributed to the project by developing a responsive and intuitive frontend and implementing a robust backend with database design to ensure secure, efficient, and scalable data management.

- **Green Cart**

Tools: React | NodeJS | Express | MongoDB

◦ Developed and deployed a full-stack grocery delivery web application using the MERN stack, integrating Stripe payment gateway for secure online transactions and deployed on Vercel.

◦ Built an admin dashboard with product management capabilities, enabling real time inventory control, order tracking, and comprehensive CRUD operations for the grocery delivery platform.

Jul 2025
- **SmartSense Music**

Tools: React Native | Expo | NodeJS | PostgreSQL

◦ Developed a React Native app that adapts music playback in real time using sensor data, with a simple interface showing context and the current track.

◦ Built a Node.js and PostgreSQL backend for context extraction, playlist management and user preferences.

Dec 2025
- **My MCP Server**

Tools: TypeScript | MCP SDK | Cloudflare

◦ Built a custom MCP server exposing two tools, for answering my CV related queries and sending emails to my gmail address via the Resend API.

◦ Deployed the MCP server on Cloudflare Workers, integrates seamlessly with MCP compatible clients such as Claude Desktop.

Sep 2025
- **Learning Management System**

Tools: NextJS | Typescript | Spring Boot | MySQL

◦ Developed the Classes page and individual class view , enabling students and tutors to view class details, submit assignments, and manage posted assignments.

◦ Integrated secure API communication and implemented reliable assignment upload flow with proper error handling.

May 2025
- **Supply Chain Management System**

Tools: React | MySQL

◦ Designed and implemented the database, ensuring proper normalization and optimized schema structure for the web application.

Oct 2023
- **Nano Processor Design Project**

Tools: VHDL | Vivado

◦ Built a fully functional 4-bit nano processor from scratch, implementing arithmetic logic unit (ALU) with support for addition, subtraction, negation, and bitwise shift operations.

June 2023

SKILLS

- **Programming Languages:** JavaScript, TypeScript, Python, Java, C++
- **Web Development:** React, NextJS, NodeJS, ExpressJS, Springboot, Redux, TailwindCSS, MaterialUI
- **Database Systems:** MySQL, MongoDB, PostgreSQL
- **Data Science & Machine Learning:** Tensorflow, Numpy, Pandas, Matplotlib, PyTorch
- **DevOps & Version Control:** Git, GitHub, Docker, Cloudflare
- **Specialized Area:** Software Engineering, Machine Learning, DevOps
- **Other Tools & Technologies:** Supabase, Vercel, Cloudinary, Wordpress

HONORS AND AWARDS

- Dean’s List - Semester 01

University of Moratuwa

2022
- Mahapola Merit Scholarship

GCE Advanced Level

2020
- MoraXtreme 8.0 - Rank 87

University of Moratuwa

2023

LEADERSHIP EXPERIENCE

- Director of Finance and Marketing

Classical Music Society, University of Moratuwa

Dec 2024 - Dec 2025

VOLUNTEER EXPERIENCE

- **Logistics Committee Member** Jan 2024
CSE Careers Fair 2023, Dept. of Computer Science and Engineering
- **Organizing Committee Member** Jul 2023
EXMO 2023, University of Moratuwa
- **Teaching Volunteer** Aug 2022
Shilpasara Project, Leo Club

CERTIFICATIONS

- **HTML, CSS and JavaScript for Web Developers - Johns Hopkins University** Sep 2024

ADDITIONAL INFORMATION

Languages: Sinhala (Native), English (Fluent)
Interests: Music, Art, Travel, Cricket
